CODE OF CONDUCT

- Respect, Integrity, Stick-to-it-iveness, and Encouragement
- All players, coaches, and parents are a representation of the Rise program as a whole
- Lead by example

COMMUNICATION & EXPECTATIONS

- Your child is expected to be at all practices and tournaments
- We expect you (or your child if they are driving themselves) to communicate at least 24 hours in advance of missing a practice due to school events or any other absence
- Illness should be communicated as soon as it is known if occurring on a practice day/event day
- Playing time will not be equal for all players.
 - By rule, it cannot (substitution regulations)

ADDRESSING CONCERNS

- Coach → Player → Parent
- Coaches are expected to communicate to the players regarding each person's role on the team – this includes playing time
 - Why players are where they are, why they are not where they are not, etc.
- If you have a concern regarding playing time or other decisions made by the coach – set up a meeting with the coach and your child

ADDRESSING CONCERNS CONT...

- If the issue persists, include the club director (Alexi) in a meeting
- Coaching decisions are made in the best interest of the team. There is a lot of effort that goes into positioning the players to achieve the best outcome for the group. There may be opportunities to mix things up during practice but this is a competitive experience. Playing time will not be equal for all.
